KEITH COOGAN REPLACES COREY HAIM IN "DETOUR"

Actor **Keith Coogan** (*Adventures in Babysitting / Toy Soldiers etc*) has been set to replace the late Corey Haim as James by producer Tina Brown. Coogan caught her eye after Corey died and she was trying to find the right replacement she went to YouTube and found his daily monologue postings

(<http://www.youtube.com/user/hollywoodkids#p/a>) on YouTube... his manager called (*Stephany Hurkos*) in response to her breakdown posted.

"It was like instant YES," Tina said "when I answered the phone and she said I am Keith Coogan's personal manager and I would like to discuss my client!".

Deal was set and signed and shooting will begin end of June in Folsom, California now, under the direction of Rob Walker.

Keith was inspired to post a monologue a day by the book and film JULIE & JULIA and just took it to another level.

Everyone wants to know what do you look like now etc. So Keith Coogan might have found a cutting edge way to market himself. It's working cause now he has four new script that have been sent to via his agent (*Media Artists Group, Drew Elliott*) and Personal Manager (*Stephany Hurkos*) for him.
